## **Celebration of Independence Day at the State Institution “Agriculture Entrepreneurship Development”**

On September 6, 2024, a solemn meeting was held at the office of the State Institution “Agriculture Entrepreneurship Development” in honor of the State Independence Day.

At the beginning of the event, Daler Satori, director of the institution, opened the meeting and sincerely congratulated those present on this significant holiday. He noted that due to independence, prosperity, national unity and constant efforts of the Government of the Republic of Tajikistan, especially the Founder of Peace and National Unity, Leader of the Nation, President of the Republic of Tajikistan Emomali Rahmon, our country has achieved significant successes, and its people live in an atmosphere of peace, stability, mutual understanding and unity.

Since the beginning of independence, despite numerous difficulties and obstacles, we have laid the foundations of a sovereign state and achieved significant successes in political, economic, social and cultural spheres, and most importantly, in improving the standard of living and quality of life of our citizens. However, the most valuable gift and the greatest achievement remains our State independence.

From the first days of independence, the Tajik people have shown honesty and heroism in the process of reconstruction and formation of the new state, ensuring security and peace in society, political and economic stability. Thanks to their labor, power plants, tunnels, enterprises, institutions and highways that meet international standards have been built. Today, many of our problems have been solved and our hard-working people are ready to tackle new large-scale tasks for the development of the country.

After the Director’s speech, a number of staff members made

insightful and informative speeches on the achievements of the independence period. They emphasized that the country's independence is a priceless gift, a symbol of sovereignty and patriotism, a sign of identity and freedom, as well as a source of pride and honor.

At the end of the event, the Director once again congratulated those present and all citizens of the country on this important date, wished health, well-being, happiness, victories and success in their daily lives and activities.
