Monitoring the distribution of microelements and vitamins in the towns and districts of Sughd region

“Nation health is an invaluable asset, without which it is impossible to imagine a state strength”

This week, the State Institution “Agriculture Entrepreneurship Development” specialists together with the public organization “Avesto” employees monitored the distribution of microelements and vitamins in the towns and districts of Sughd region (Khujand town, B. Gafurov and J. Rasulov districts).

A working meeting was held with Muhiddin Habibullo Khairullozoda, Head of the Regional Health Department.

During the meeting, the parties expressed their opinions on the issues of providing the target population (pregnant women and children aged 6 to 59 months) with micronutrients and vitamins, the activities of reproductive health centers and health centers of the towns and districts of Sughd region in this direction, as well as food fortification for protection of public health and prevention of nutrition-related diseases.

Afterwards, the working group met with officials and staff of reproductive health centers and child disease centers in Khujand town, B. Gafurov and J. Rasulov districts and checked the process of documenting and distributing micronutrients and vitamin supplements to the target population, including pregnant women and children aged 6 to 59 months.

Conversations were held with patients using micronutrients and vitamins.

The patients stated that their health improved after using health products (micronutrients and vitamin supplements). They also expressed their gratitude and endless appreciation to the Government of the Republic of Tajikistan and the State Institution “Agriculture Entrepreneurship Development” for

their continued support.
