Daily work progress

On September 13 of the current year specialists of the SI "Agriculture Entrepreneurship Development" within the framework of the Strengthening Resilience of the Agriculture Sector Project held a working meeting in the hall of the Food and Agriculture Organization of the United Nations (FAO) with the international advisor, Doctor of Biological Sciences Elena Shamrikova, involved in the work of the project.

During the meeting the specialists paid special attention to the issues of purchasing laboratory equipment of TAAS Institute of Soil Science and Agrochemistry on the basis of sub-component 3.2 Soil Fertility Management and wanted to take a look at the laboratory condition of the institution.

Afterwards, on 14.09.2023 the delegation inspected the current state of the centralized laboratory of the Institute and expressed the opinion that the laboratory of the scientific institution is in need of repair and does not meet modern requirements.

As part of the project, in addition to equipping laboratories, these laboratories are also to be renovated.

**Congratulations of the Director of the State Institution
“Agriculture Entrepreneurship Development”**

With deep respect and from the bottom of my heart, let me congratulate my dear colleagues and compatriots on the occasion of the 32nd anniversary of the State independence of the Republic of Tajikistan.

Thanks to the wise policy of the Founder of Peace and National Unity – the Leader of the Nation, the President of the Republic of Tajikistan, respected Emomali Rahmon, during the period of independence, we had the opportunity to present honorably the people of our country to the world.

During these years, the Republic of Tajikistan was able to take its place in the international arena, and more than 190 countries accepted the independence of Tajikistan.

State independence is a sacred holiday for every nation, the protection and stability of its foundations is the first task of every worthy citizen of the country.

We believe in the bright future of our Motherland – dear Tajikistan – and we invest all our efforts to ensure that independence remains as alive and durable as one whole tree.

I once again congratulate you on the anniversary of the independence of the Republic of Tajikistan and wish you health, happiness and unique success in your daily activities.

Sincerely,

the Director of the Institution Satori D.A.

Consultative seminar “Field Day” was held dedicated to the “Presentation of the work of the GOMSELMASH GS5 combine for harvesting grain crops”

On August 23 of this year, a consultative seminar “Field Day” dedicated to the “Presentation of the work of the GOMSELMASH GS5 combine for harvesting grain crops” was held with the initiative of the State Institution “Agrotechservice” in LatifMurod LLC, Hisor, with the participation of representatives of Khatlon and Sughd regions, as well as Regions of Republican Subordination.

The seminar was opened by the Deputy Minister of Agriculture Zevarshoi Zevarsho, who gave recommendations on expanding the further activities of farms using modern technologies. Also, the representative of GOMELEMASH GS5 of the Republic of Belarus informed to the audience about the work of this combine, stating that it can harvest from 18 to 21 tons of grain crops, especially wheat, rice and corn, per hour during the grain harvest season.

Then the participants were shown the method of harvesting corn, as well as the method of separating the grain from the husk.

The seminar was attended by specialists of the State Institution «Agriculture Entrepreneurship Development» who shared useful recommendations on the collection of corn using modern technologies to farmers and heads of farms.
