CONSULTING SERVICES

REQUEST FOR EXPRESSION OF INTEREST

Republic of Tajikistan

State Institution "Agriculture Entrepreneurship Development"

Project Management Unit (SI AED PMU)

Strengthening Resilience of the Agriculture Sector Project (SRASP)

IDA (International Development Association) Grant No: E1450

Title of the consulting assignment: International Individual Consultant on Environmental and Social Framework.

Reference Number: SRASP-2024-01-CS-INDV

The project aims to support the Government of Tajikistan (GoT) in successfully transitioning to a sustainable, more productive, climate resilient, and inclusive model of agricultural sector growth. The proposed project will help to:

- (i) increase the availability of improved seeds, seedlings, and planting materials that are climate resilient, affordable, farmer-preferred, and well adapted to the different agro-ecological conditions of Tajikistan;
- (ii) strengthen the access to improved Agri-logistic services of farmers and agri-businesses; and
- (iii) strengthen the crisis management, i.e. early warning, preparedness, and response capacity of selected public institutions.

1. Objectives

The overall objective of the consulting services is to support SRASP PMU in all aspects related to environmental and social in implementing project activities. To support the implementation of the planned activities, the SI AED PMU intends to hire an International Consultant on Environmental and Social Framework.

The Consultant will work closely with other SI AED PMU staff, implementing partners, and the project beneficiaries. In his/her activities the Consultant will follow the Project

Operation Manual of
SI "AED PMU", Charter of SI "AED PMU", acting legislation of
the Republic of Tajikistan, and orders of the SI "AED PMU"
Director.

2. Scope of services

1. More specifically the Consultant is expected to perform, but not limited, to the following tasks:

- Develop methodology and action plan to conduct E&S assessment of project areas and interventions.
- Contribute workshops and other capacity development activities as required with respect to social, environmental and climate safeguards;
- Assess project implementation and compliance with social, environmental and climate safeguard requirements, and identify and describe key influencing factors, including technical, bureaucratic, managerial, organizational, institutional, and socio-economic policy issues, in addition to other external factors unforeseen during design, and how these have affected project implementation and/or impacted project target groups;
- Provide technical support to enhance the quality of environment and social framework instruments and their implementation, including support and/or proposed actions to address identified challenges;
- Identify good practices and lessons from what worked and what did not work with respect to the design and implementation of safeguard instruments;
- Identify any potential for the replication or up-scaling of good safeguard practices;
- Technical support to conduct Environmental Social Assessments (ESAs) specific to project site and interventions, including associated site-specific Environmental and Social Management Plans (ESMPs)
- Develop a methodology for the baseline survey and conducted environmental and social baseline for each project site
- Review relevant environmental and social legislative

framework, adequate institutional, monitoring, and reporting arrangements to ensure proper implementation of project activities

- Technically review all documents such as feasibility studies, business plans, detailed designs and construction supervision plans, assessment, and training materials from environmental and social protection based on ESA criteria.
- Coordinate activities of the project on environmental management of land resources in cooperation with project and development partners
- Coordinate and cooperate with the irrigation and construction team of the project to ensure environmental concerns, issues, and challenges are taken into account from the capacity strengthening aspect of water user groups
- Support National experts to update and review project documents from environmental and Social perspectives
- Support project coordinator and component coordinators in preparing information materials, presentations, and handouts to present project activities
- Assessment and analysis of TORs for all project procurement of the project which compliance with the WB safeguard guidelines/requirements and project documents such as the Operational Manual, memos, and the Environmental Management Concept;
- Ensure the key E&S Safeguard requirements as set out in the SD documents/instruments are integrated in the subprojects' BOQ and bidding documents.
- Conducts and organization environmental and social training to project personnel, informing time project team about new roles and requirements on International environmental standards to obtain needed licensees based on WB requirements
- Support project E&S experts in conducting analyses of the environmental situation of project sites and development of a long-term monitoring and evaluation program, based on environmental parameters based on WB requirements
- Control and implementation of the system of environmental

management of the project initiatives based on complex monitoring and identification of environmental and social issues for sub-components of the project

- In close cooperation with PIU national E&S experts perform site visits and conduct environmental and social monitoring in communities, jamoats, and regions. Based on the results of the monitoring develop the report and share it with project staff
- Coordinate the work of other project partners and development partners who are involve in environment and social protection.
- Support and coordinate in generating periodic E&S compliance reporting to timely disseminate to the relevant stakeholders including the WB.
- Perform any other related task as required by the PMU.

3. Qualifications and work experience:

- At least a master's degree in environment, Nature Resource Management, agriculture, and other related field.
- Not less than 5 years of work experience in the related field of Environmental management, community-based development projects funded by international organizations/donors,
- Excellent knowledge of the English language. Knowledge of Russian and/or Tajik languages will be an advantage.
- Excellent knowledge of computer programs, base database systems, and mobile applications
- Good teamwork and communication skills.

CONSULTING SERVICES

REQUEST FOR EXPRESSION OF INTEREST

Republic of Tajikistan

State Institution "Agriculture Entrepreneurship Development"

Project Management Unit (SI AED PMU)

Strengthening Resilience of the Agriculture Sector Project (SRASP)

IDA (International Development Association) Grant No: D8600-TJ

Title of the consulting assignment: International Individual Consultant to conduct a mid-term evaluation of the project.

Reference Number: SRASP-CS-INDV-2024-01

The project aims to support the Government of Tajikistan (GoT) in successfully transitioning to a sustainable, more productive, climate resilient, and inclusive model of agricultural sector growth. The proposed project will help to:

(i) increase the availability of improved seeds, seedlings, and planting materials that are climate resilient, affordable, farmer-preferred, and well adapted to the different agro-

ecological conditions of Tajikistan;

(ii) strengthen the access to improved Agri-logistic services of farmers and agri-businesses; and

(iii) strengthen the crisis management, i.e. early warning, preparedness, and response capacity of selected public institutions.

Purpose of the task

The purpose of the task is to carry out mid-term assessment, identifying positive and negative trends in the project, as well as analyzing the work done to achieve the goals and making recommendations for specific actions that can be taken to improve the project.

The project will be assessed based on the questions presented in paragraph 2.3. Terms of reference, as well as a matrix of project indicators, for the following levels of interventions.

Scope of services

2.1. At the program level:

Identifying the impact of the project on achieving the main goal of the project

(positive and negative);

Assessing the level of achievement of tasks and results project;

Assessing the quality and sustainability of interventions on the way to achieving project objectives;

Evaluation of carried out and planned activities from the point of view of technical and methodological aspects applied by the project and project partners;

Are additional measures/actions needed with existing target groups to ensure sustainability and flexibility given the identified context.

2.2 At the organizational level:

Assessing the project management level of the project team for effective implementation project;

Providing results, conclusions and recommendations for evaluation, with a view to inclusion
lessons learned and recommendations for improvement – to improve quality
project activities and improving results.

2.3. Main questions

The mid-term assessment should contain specific descriptions regarding the following core issues (considering gender equality and other cross-cutting issues):

Determination of Compliance

- Were the goals set out in the project document relevant, achievable and realistic in comparison to the results already achieved?
- How relevant are the selected approaches and tools to achieving the project goals?

Determination of effectiveness

- Is the achievement of short-term and medium-term results on track and consistent with the planned results presented in the log frame and project plans?
- To what extent do the project activities meet the needs of the target groups? and strategies (policies) of partners, implementer and donor?
- To what extent have collaborations and partnerships been established between civil society, local government and the private sector to facilitate the successful implementation of the project?

Definition of Productivity

- Are the financial costs consistent with the costs budgeted for the project? – achieving project results at the lowest cost of their implementation.

Defining influence

- Are there significant unexpected positive or negative impacts on the path to achieving medium- and long-term goals?

Definition of sustainability

Are local stakeholders (stakeholders, beneficiaries) likely to understand the importance of their participation and their responsibilities in the implementation of the project, and also, after the end of the project implementation period?

Additionally

- Determining the extent to which the actions of the project implementation partner and the project team comply with the processes, procedures and standards established by the project (plans, monitoring and evaluation system, reporting)
- The need to restructure the project (with a detailed indication in which areas and what specific changes in the project design need to be made)

Qualifications and work experience:

1. Higher education in the field of economics and/or finance, agriculture or other related field.
2. Proven experience in conducting research by type (baseline study, mid-term study, etc.) for not less than 5 years.
3. Proven experience in evaluating projects related to the provision of agricultural services for not less than 5 years.
4. Experience in the Central Asian region is an added advantage.
5. Knowledge of English language is required as well as working knowledge of Tajik and Russian languages is
6. Proven track record of honesty and integrity in handling public resources.

(CONSULTING SERVICES – FIRMS SELECTION)**

Country: Republic of Tajikistan
**Project: Strengthening Resilience of the Agriculture Sector
Project, Additional financing**
Grant No.: E1450-TJ

**Assignment Title: Support the nation-wide delivery of
facility-based micronutrients and vitamin supplementation
activities**

Reference No. (as per Procurement Plan): SRASP/CS/CQS-2023-01

The Republic of Tajikistan has received financing from the World Bank toward the cost of the “Strengthening Resilience of the Agriculture Sector Project”, additional financing and

intends to apply part of the proceeds for consulting services.

The consulting services (“the Services”) include to support the nation-wide delivery of facility-based micronutrients and vitamin supplementation activities.

The State Institute “Agriculture Entrepreneurship Development” Project Management Unit now invites eligible consulting firms (“Consultants”) to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services. The shortlisting criteria are:

- a. Proven experience in the preparation of medical sector strategies and programmers.
- b. Experience in the interaction and distribution of vitamins to the public and health workers).
- c. Demonstrated knowledge and understanding of different models to sustainably advance medical innovation.
- d. Experience in conducting media campaigns to stakeholders.

The credibility of mentioned experience shall be presented in a list of the required similar project/contracts as required above, including description of services provided (including information on contract value, contracting entity/client, project location/country, duration, assignment budget, percentage carried out by consultant in case of association of firms or subcontracting and main activities) and accompanied by certificates/confirmation of orderly fulfilment of the contracts verified by other party from such contracts.

The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank’s “Procurement Regulations for IPF Borrowers” September 2023 (“Procurement Regulations”), setting forth the World Bank’s policy on conflict of interest.

Consultants may associate with other firms in the form of a

joint venture or a sub consultancy to enhance their qualifications.

A Consultant will be selected in accordance with the Consultants' Qualifications selection (CQS) method set out in the Consultant Guidelines.

The detailed Terms of Reference (TOR) for the assignment can be found at the following website:
