CONSULTING SERVICES

REQUEST FOR EXPRESSION OF INTEREST

Republic of Tajikistan

State Institution "Agriculture Entrepreneurship Development" Project Management Unit (SI AED PMU)

Strengthening Resilience of the Agriculture Sector Project (SRASP)

IDA (International Development Association) Grant No: E1450

Title of the consulting assignment: Information Systems and Automation Expert.

Reference Number: SRASP-2024-03-CS-INDV

The project aims to support the Government of Tajikistan (GoT) in successfully transitioning to a sustainable, more productive, climate resilient, and inclusive model of agricultural sector growth. The proposed project will help to:

- increase the availability of improved seeds, seedlings, and planting materials that are climate resilient, affordable, farmer-preferred, and well adapted to the different agro-ecological conditions of Tajikistan;
- strengthen the access to improved Agri-logistic services of farmers and agri-businesses; and
- strengthen the crisis management, i.e. early warning, preparedness, and response capacity of selected public institutions.

1. Objectives

The Information Systems and Digitalization Expert plays a key role in developing the Information System for the agricultural sector, ensuring that the system meets the requirements of the customer, stakeholders, and end users. The main tasks of the Information Systems and Automation Expert include the formation and management of the product vision, the creation and prioritization of tasks, working with stakeholders and stakeholders performers, determining acceptance criteria, collecting and analyzing feedback, as well as monitoring the progress of development. Together with the Customer, the Information Systems and Automation Expert determines the goals of the system, manages the list of requirements, organizing it by priority depending on its importance and value for the Customer. He interacts with key stakeholders, involved consulting and technical implementers, and end users to agree on changes and clarify requirements, constantly checking whether the information system being developed meets their expectations and goals. The Information Systems and Automation Expert also sets quality and acceptance criteria to ensure that tasks are completed at the proper level, analyzes feedback to make improvements, and participates in regular meetings with the team, monitoring the progress of development and adjusting the course if necessary.

The Information Systems and Automation Expert will report directly to and work under the supervision of the Deputy Director/Project Coordinator of the SRASP, the Director of the SI AED PMU and the Component 3 Coordinator.

2. Scope of services

The main tasks of the Information System and Automation Expert are:

1. Formation and Management of the AMIS Information System Vision The Information Systems and Automation Expert needs to clearly understand the strategic goals, key stakeholders and end-user needs in order to develop an information system vision. He is responsible for ensuring that this vision is communicated to the

- development team, including consulting and technical executors, explaining what exactly needs to be achieved with the product. This includes determination of goals, user values and long-term prospects for the use of the system.
- 2. Creation and prioritization of the requirements list: the Information Systems and Automation Expert is primarily responsible for creating and prioritization the requirements list for the Information System. It is a list of tasks, requirements and functional elements that need to be implemented to achieve the vision of the software product. He organizes and prioritizes these elements depending on their importance, cost and expected benefit for the Customer. on creating the features that provide the most value to users and key stakeholders.
- 3. Stakeholder Engagement The Information Systems and Automation Expert actively engages with stakeholders to collect their requirements, expectations and comments. He participates in regular meetings and presentations where the goals and plans for improving the information system are discussed. It is important that the Information Systems and Automation Expert coordinates all changes with stakeholders and takes into account their opinions, without losing focus on the core vision and goals of the project.
- 4. Definition of acceptance and quality criteria One of the important aspects of the work of an Information Systems and Automation Expert is the establishment of acceptance criteria for tasks and functions. He is responsible for determining what requirements and qualities must be met in order for the work to be accepted.
- 5. Feedback and Iterative Improvement The Information Systems and Automation Expert must constantly analyze feedback from users, stakeholders and the team in order to improve the software product. Based on this information, he can change priorities in the task list,

- clarify requirements or add new features, which allows the product to be more adapted to changing conditions and needs.
- 6. Monitoring progress and coordination The Information Systems and Automation Expert needs to monitor the progress of development and make changes in time. He must manage the scheduling of meetings with stakeholders, performers to keep abreast of current tasks and adjust the course of the project if necessary.
- 7. Training and Education The Information Systems and Automation Expert is required to work closely with the development team in the preparation of a training program for the staff of the Digitalization Center at the Ministry of Agriculture and other partners, stakeholders. The Expert accompanies and supervises the process of conducting the trainings, and is also obliged to be aware of the training plans to ensure that the training results are in line with the agreed plan, strategy and design of the Project.

3. Qualifications and work experience:

- A minimum university degree in computer science, mathematics, or a related field. A diploma or certificate in digitalization or agricultural management is an advantage.
- At least 3 years of proven experience in the field of Information Technology implementation and automation of business processes, software development. Experience in IT project management is preferred. Additional experience in agricultural projects is an advantage.
- A digital expert must be fluent in Tajik, Russian and English.

REQUEST FOR EXPRESSIONS OF INTEREST (CONSULTING SERVICES — FIRMS SELECTION)

Country: Republic of Tajikistan

Project: Strengthening Resilience of the Agriculture Sector

Project, Additional financing

Grant No.: E1450-TJ

Assignment Title: Monitoring and evaluation to determine the eligibility of the selection of vulnerable farms before distribution of seeds and small farm equipment Reference No. (as per Procurement Plan): SRASP/CS/CQS-2024-03

The Republic of Tajikistan has received financing from the World Bank toward the cost of the "Strengthening Resilience of the Agriculture Sector Project", additional financing and intends to apply part of the proceeds for consulting services.

The consulting services ("the Services") for monitoring and evaluation to determine the eligibility of the selection of vulnerable farms before distribution of seeds and small farm equipment.

The State Institute "Agriculture Entrepreneurship Development" Project Management Unit now invites eligible consulting firms ("Consultants") to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services. The shortlisting criteria are:

- a. Legal status recognized by the Republic of Tajikistan and allowing the firm to perform the above-mentioned tasks in accordance with national legislation;
- b. The firm shall have experience in conducting surveys, developing methodology and questionnaires for conducting surveys, as well as in conducting trainings and field work for

at least 10 years, confirmed by constituent documents, copies of earlier implemented contracts, letters of recommendation/positive reviews of organizations.

- c. Availability of own field network in all regions of Tajikistan, confirmed by staffing or contracts with regional offices
- d. The local firm or NGO staff includes at least 5 specialists with experience in research and analytical work in the field of marketing as the head of a firm, department, project or leading researcher/analyst for at least 5 years.

The credibility of mentioned experience shall be presented in a list of the required similar project/contracts as required above, including description of services provided (including information on contract value, contracting entity/client, project location/country, duration, assignment budget, percentage carried out by consultant in case of association of firms or subcontracting and main activities) and accompanied by certificates/confirmation of orderly fulfilment of the contracts verified by other party from such contracts.

The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank's "Procurement Regulations for IPF Borrowers" September 2023 ("Procurement Regulations"), setting forth the World Bank's policy on conflict of interest.

Consultants may associate with other firms in the form of a joint venture or a sub consultancy to enhance their qualifications.

A Consultant will be selected in accordance with the Consultants' Qualifications selection (CQS) method set out in the Consultant Guidelines.

Invitation / Administrative Specialist - 1 position. - AED PMU

State Institute "Agriculture Entrepreneurship Development" Project Management Unit Strengthening Resilience of the Agriculture Sector Project (SRASP)

EMPLOYMENT: Administrative Specialist - 1 position

Background

The Strengthening Resilience of the Agriculture Sector Project is an IDA grant in the amount of US\$ 58 million prepared to support Tajikistan for the purpose of foundations for a more

resilient agriculture sector refer to the availability of public agricultural services, including improved seeds, seedlings, and planting materials; agri-logistical services; agrometeorological information, soil testing, locust control and crop protection.

The project aims to support the Government of Tajikistan (GoT) in successfully transitioning to a sustainable, more productive, climate resilient, and inclusive model of agricultural sector growth. The proposed project will help to:

1. increase the availability of improved seeds, seedlings, and planting materials that are climate resilient, affordable, farmer-preferred and well adapted to the different agroecological conditions of Tajikistan.

- 2. improve the access to improved agri-logistic services of farmers and agri-businesses; and
- 3. strengthen the crisis management, i.e. early warning, preparedness and response capacity of selected public institutions.

All activities related to human resource development and capacity building will include topics on understanding climate change better and frameworks, tools, and techniques to facilitate designing and implementing climate adaptation and approaches. All infrastructure, mitigation including buildings, offices, laboratories, and storage facilities, constructed and/or rehabilitated by the project, will be encouraged to utilize energy-efficient and climate-resilient materials and designs. The proposed project aims to thereby strengthen the foundations for more resilient agriculture sector, which will in turn help improve food security and nutrition and accelerate agricultural diversification. It will also contribute to the development of a viable sector of private micro, small and medium enterprises in rural areas and generate employment opportunities for women in regions with few legal alternatives.

The Project is implemented by State Institute "Agriculture Entrepreneurship Development" Project Management Unit (SI AED PMU).

• Project Objective

The development objective of the proposed project is to strengthen the foundations for a more resilient agricultural sector in Tajikistan.

State Institute "Agriculture Entrepreneurship Development" Project Management Unit Strengthening Resilience of the Agriculture Sector Project (SRASP) invites qualified specialists with relevant work experience to participate in the competitive selection for the vacant position of Administrative Specialist .

Scope of work:

AED PMU Administration Specialist will be responsible for administrative aspects of AED PMU. He/she will report to the AED Director and provides administrative support to the entire AED PMU. Administration Specialist will be responsible for the following tasks:

- Provide oversight of the property of the PMU and be responsible for their using and maintenance and supplies.
- Ensure that the minutes of the meeting and the Director of the AED PMU written instructions, distributed and implemented properly.
- Monitor the timely execution of documents.
- Ensure that an effective system of registration documents.
- Ensure timely preparation and submission of required reports on the project.
- Ensure the proper functioning of the activities of the AED PMU, monitor the condition of the premises, communication systems, transportation, etc.
- If necessary, provide work with admission documentations, transfer and dismissal of AED PMU staff and its subsidiaries in accordance with the current legislation of the Republic of Tajikistan.
- Monitor AED PMU staff performance, especially secretaryclerk, drivers and cleaners.
- Establish and maintain lists of working hours (time sheet) of employees.

- Coordinate procurement, finance and planning AED PMU office.
- Ensure proper organization of the programs mission's visit to the AED PMU office.
- Ensure the safety of AED PMU property.
- Perform other duties as required from time to time.

Qualifications and Requirements:

- University degree or equivalent qualification
- At least three years of work experience in an office or administrative work, preferably with international organizations.
- Excellent interpersonal skills.
- Excellent computer skills with a strong working knowledge of Microsoft Office (Word, Excel, Outlook, etc.).
- Excellent oral and written communication skills Tajik and Russian languages, English is an advantage.

APPLICATION PROCESS:

A cover letter (maximum 2 pages) and resume (maximum 3 pages) clearly demonstrating how candidates meet the basic qualifications and asset criteria should be sent to: State Institute "Agriculture Entrepreneurship Development" at aedpmu.hr@gmail.com with "Administrative Specialist" in the subject line no later than September 19, 2024 by 5:00 pm.

Only complete packages will be considered.

Applicants for the position of Administrative Specialist will be selected in accordance with the procedures specified in the World Bank's Guidelines for the Selection and Recruitment of Specialists.

The full Terms of Reference (TOR and Scope of Services) can be found at the following address: 17 Bokhtar street, 12th floor, Dushanbe city, Republic of Tajikistan, State Institute "Agriculture Entrepreneurship Development" (SI AED PMU).
