**Assignment Title: Terms of Reference for Regional Training Service Providers (RTSP) to conduct training for vulnerable farmers for the regions of Republic of Tajikistan**

**Reference No. SRASP AF-2023-CS-CQS**

**A. Introduction.**

The Strengthening Resilience of the Agriculture Sector Project is an IDA grant in the amount of US\$ 108 million prepared to support Tajikistan for the purpose of foundations for a more resilient agriculture sector referring to the availability of public agricultural services, including improved seeds, seedlings, and planting materials; agri-logistical services; agrometeorological information, soil testing, locust control and crop protection.

The project aims to support the Government of Tajikistan (GoT) in successfully transitioning to a sustainable, more productive, climate resilient, and inclusive model of agricultural sector growth. The proposed project will help to:

- 1) increase the availability of improved seeds, seedlings, and planting materials that are climate resilient, affordable, farmer-preferred, and well adapted to the different agro-ecological conditions of Tajikistan;
- 2) improve the access to improved agri-logistic services of farmers and agri-businesses; and
- 3) strengthen the crisis management, i.e. early warning, preparedness, and response capacity of selected public institutions.

All activities related to human resource development and capacity building will include topics on understanding climate

change better and frameworks, tools, and techniques to facilitate designing and implementing climate adaptation and mitigation approaches. The Project is implemented by State Institute “Agriculture Entrepreneurship Development” Project Management Unit (SI AED PMU).

## **B. General scope of the services.**

### **Stage 1:**

Under the direct supervision of the AED PMU and in close collaboration with partners, the Regional Service Provider will be responsible for organizing beneficiaries into groups to conduct training and advisory activities for vulnerable farmers who have received seeds and fertilizers in the regions of the Republic of Tajikistan under the additional financing of the project, within the framework of Sub-component 1.3: Multiplication of seeds, seedlings, and planting materials. Also, under stage 1 the service provider will carry out activities on monitoring of the conducted sowing activities and providing short on-site consultations (trainings).

### **Stage 2:**

Conducting research, collection and analysis of data on conducted sowing operations and yields to create a database of project beneficiaries (vulnerable farmers who received seeds and fertilizers under the project by the regions of the RT under additional financing Sub-component 1.3):
